Customer Service

The NASS Mission ~

*"The NASS mission is to provide
timely, accurate and useful statistics
in service to United States agriculture."*

How to Access North Dakota Reports & Data Products

A wide variety of agricultural statistics are available from NASS's North Dakota Field Office. For your convenience, there are several ways to obtain NASS reports, data products and services.

- **Mail Subscription** - Contact our office to place an order.
- **E-mail Subscription** (free) - To receive news releases via e-mail as soon as they become available, you can subscribe on our web page or send an e-mail message to **nass-nd@nass.usda.gov**. Tell us which type of reports you would like to receive: crop weather; crops; livestock; potatoes & vegetables; prices & economics; and/or all reports.
- **Internet**
<http://www.nass.usda.gov/nd> - North Dakota website.
<http://www.nass.usda.gov> - National website
Keep up-to-date on agricultural statistics. Includes publications, news releases, 2007 Census of Agriculture and general information on North Dakota and United States agriculture as soon as available.
- **Quick Stats: On-Line Database** - **<http://www.nass.usda.gov>**
Historical state and United States downloadable data. The database allows custom extracts based on commodity, year, state and other selection criteria and produces an output file compatible for updating databases and spreadsheets.

GIS-Based Products

The following products are available for use in Geographic Information Systems or as maps. Cost will be based upon the request.

North Dakota Land Use Stratification

Data and map products available showing North Dakota Land use. Cropland strata distinguished by amount of land cultivated.

Normalized Difference Vegetative Images

Regional, biweekly AVHRR-NDVI Satellite map products depicting actual and comparative vegetative differences from period-to-period, year-to-year.

North Dakota Land Use Classification

Computer classification of crop acreage and land use utilizing satellite imagery. Digitized data set and map products.

Services

2007 Census of Agriculture Data Products

Every five years, the census of agriculture snaps a picture of America's farm and ranch industry at the county, state, and national levels. As the prime source of consistent, comparable, detailed data about production agriculture, census data provide a basis for determining both the present state of agriculture and trends over time. All listed products are available on the Internet at http://www.nass.usda.gov/Census_of_Agriculture. CD-ROM's and/or printed reports are available upon request. For more information on how to order printed reports or CD-ROMs, contact NASS's North Dakota Field Office.

Volume 1, Geographic Area Series

United States, State and County Data - The United States Summary provides national data and selected data for each state. Separate state reports display statistics for the entire state and every county.

Volume 2, Subject Series

ZIP Code and Congressional District Tabulations - Presents agricultural statistics by five-digit postal ZIP Code and Congressional district in two separate files, for all farms in all 50 states.

Agricultural Atlas of the United States - Features a series of maps highlighting agricultural activities and characteristics.

Watershed Tabulations – Presents agricultural statistics by 6-digit Hydrological Unit Code for the contiguous 48 states, Alaska and Hawaii.

Census of Agriculture History – Provides a description of the planning and conduct of the 2007 Census of Agriculture. Explains the history of the agriculture census, farm definition, data collection and processing, data dissemination, research, and the census of agriculture in outlying areas.

Volume 3, Special Studies

2008 Farm and Ranch Irrigation Survey - Displays results from a sample survey of farm and ranch operators who reported using irrigation in the 2007 census.

2009 Organic Production Survey - Provides data on organic agriculture to determine how the growth of organic farming is changing the face of U.S. agriculture.

2008 American Indian Reservations Survey - Presents a thorough report of statistics and demographic data on American Indian reservations.
